

2021 WORLD TRIATHLON CHAMPIONSHIP SERIES YOKOHAMA
2021 WORLD TRIATHLON PARA SERIES YOKOHAMA

Accommodation, Catering and “Bubble” arrangements for National Federations

We are preparing the “Athlete Track” measure in order to welcome athletes, coaches, staff, officials and other people involved who participate in the event of Yokohama.

■What is Athlete Track?

It is a special governmental measure to allow entries of athletes and other parties concerned who take part in international competitions related to the Olympic and Paralympic Games and the like. Each organization such as LOC/NF is required to implement epidemic prevention measures at their responsibility, including the submission of Letter of Commitment and the entrants’ Activity Plan in Japan to the Cabinet Secretariat Olympic and Paralympic Office / the Japan Sports Agency in advance. Under these conditions, this measure also allows athletes to engage in activities (participation in competitions, etc.) even during the 14-day quarantine period after their entry. (Tokyo2020 preparation track for athletes: commonly known as Athlete Truck).

Basic concept of Athlete Track

- Management of everyone (athletes / coaches/staff etc.) is premised on isolation.
- Eliminating a chance of contact with the general public.
- Creating an epidemic prevention measure plan (guideline) based on opinions of infectious disease experts.
- Creating an epidemic prevention measure plan (guidelines) on the assumption of each situation (transportation, accommodation, meals, etc.) in order to prevent clusters among athletes.

Overall entry flow for athletes / staff from overseas

Before entering Japan

- ▷ Individual health management for 14 days before entering Japan, and health monitoring by organizer after the entry required
- ▷ Under the Japan Sports Agency's management, VISA acquisition procedures will be conducted at embassies and consulates in each country.
- ▷ You must have a COVID-19 test and a negative certificate within 72 hours before departure.
- ▷ Prior to entering Japan, everyone is required to prepare necessary documents (pledge, competition outline, test result certificate) in advance and take out (obligatory) private medical insurance.

When entering Japan

- ▷ Narita Airport is the only airport to receive entrants.
- ▷ After arriving at Narita Airport, submit a pledge, negative certificate, etc. at the airport quarantine station, and everyone, whether Japanese or foreign national, will undergo a PCR test.
- ▷ Everyone is required to install the contact tracking App, COCOA, linked to Google Map, and health management app ONE TAP on their smartphones and use them for 14 days after entering Japan.
- ▷ The responsible personnel for receiving entrants will check health status of everyone with the LINE App and report to the public health center every day for 14 days since their arrival.

During your stay

- ▷ Only dedicated vehicles designated by the event are allowed to move during the period of stay (self-arranged and self-propelled movement is prohibited).
- ▷ Contact with general users of the host hotel should be avoided.
- ▷ The PCR test will be conducted on the 3rd day after entering Japan, the day before the race, and after the match. * If the 3rd day after entering Japan and the day before the race overlap, it will be limited to once.
- ▷ After entering Japan, allow activities at the practice venue after avoiding close contact (specify the venue and date and time).
- ▷ Everyone always carry a smartphone with the downloaded app.
- ▷ Everyone use the health management app every day to report their physical condition to the event.
- ▷ LOC will conduct a PCR test on all athletes during Race Week.
- ▷ All training will only be conducted at the location designated by the competition.
- ▷ No run familiarization (including bike training outside) will be conducted, and the event will shoot the entire course and provide it as a online.
- ▷ Swim familiarization will be conducted within the time specified in the competition, and the warm-up will be conducted only at the specified time and place.
- ▷ Under the supervision of the management staff, we will move from the hotel check-out to the airport according to the flight time of each country.

At the time of departure

- ▷ Providing PCR test institution for those teams that require PCR test at the time of departure.
- ▷ After arriving at the airport, move to the departure lobby under the supervision of the management staff.
- ▷ Depart according to the flight time of each country.

- Both Japan-based and international participants
- All (Accredited) support staff
- Technical officials who need to have face to face interaction with the athletes in an indoor environment
- International Federation staff who have arrived at the event from outside of the Japan
- Athlete Services staff who need to interact with the Bubble in an indoor environment
- International ancillary staff (e.g. broadcast/media)

Those who are participating only in WTCS Yokohama (basic)

The start of VISA application will be instructed by the Government of Japan.
The Government of Japan will contact you around the end of April, and after that, each NF will go through the procedures at the embassy or consulate.
VISA procedures cannot be performed until instructed by the Government of Japan (event organizer). please note.

- *Every single athlete and team official must apply for VISA.
- *The documents required for visa application will be shared from LOC to NF again.

VISA申請開始は日本国政府によって指示されます。

4月下旬頃、日本国政府から連絡がありますので、その後、各NFは大使館・領事館にて手続きを行います。
日本国政府（大会主催者）から指示があるまでは、VISAの手続きは行えません。ご注意ください。

- *すべてのアスリートとチーム役員はVISAを申請する必要があります。
- *ビザ申請に必要な書類は、LOCからNFに再度共有されます。

Anyone who needs a PCR test and fit to fly certificate for their onward journey will be allowed to procure this through the onsite testers, at a cost of \$255. A time slot will be allocated to ensure results can be obtained well in advance of their flight.

Any member of the Bubble who break the rules will have their accreditation removed and athletes will not be allowed to compete.
